CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance. BEFORE SIGNING AN ORDER, SEE THAT IT HAS THE NAME OF R. L. POLK & CO. PRINTED THEREON. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

The steamers of the *Anchor Line*, plying regularly between St. Louis and New Orleans, are constructed so as to combine *speed* with *safety*, with are arranged with a view to the special comfort of families—having large and commodious state-rooms, wide promenade guards, together with all the appliances and surroundings that go to make up the comfort, convenience and pleasure of their passengers, whilst their tables are supplied with all the luxuries and delicacies of the season.

Ladies and children traveling without escort on the boats of this Line receive the care and attention of the officers of the boat, whilst in their charge, and should they be destined to points beyond St. Louis, are always safely placed on board the connecting boats or cars.

A trip on one of these floating palaces, up the mighty Mississippi river, a distance of 1250 miles to St. Louis, is a "*pleasure trip*" indeed! The dust and stifled air of the sleeping car of the railroad is avoided. At the end of the voyage the passenger steps ashore invigorated by his trip, and is ready to attend to business, etc., or to proceed on a still further extension of his trip, as fancy leads him—instead of getting out of a close sleeping car with eyes, ears and clothing filled with dust and cinders—fatigued and jaded, requiring a day or two to rest from the *labor* of the trip by rail.

The steamers of this Line leave New Orleans Wednesdays and Saturdays, at 5 o'clock P. M.; making close connections at St. Louis, with all lines leading North, East and West. The Company have four splendid steamers—the "City of New Orleans," the "City of Baton Rouge," "City of St. Louis," "City of Bayou Sara,") built by the famous Howards, at Louisville, Ky., and will build others similar, as the exigencies of the trade demand.

THROUGH TICKETS

Over the Line can be purchased from the Ticket Agents of Morgan Lines at Galveston and Houston, Texas, and the office of the Company in New Orleans. For any information address

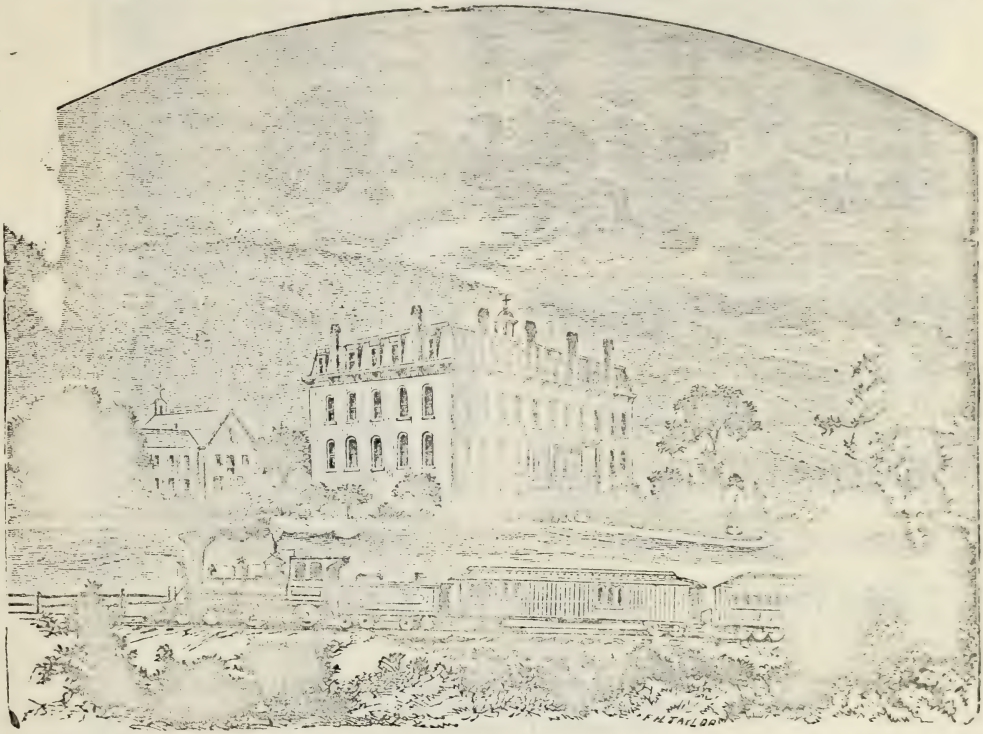
ARCADIA COLLEGE

AND



Academy of the Ursuline Sisters, for Young Ladies.

ARCADIA VALLEY, IRON COUNTY, MISSOURI.

This well known institution has been in existence over thirty years, and for over twenty years of that time was under the control of the Methodist Church South. As an educational center it is impossible to be more suitable. Easy of access from St. Louis, or any portion of the South. The buildings are large and commodious, and are supplied with all modern improvements. The grounds are pleasantly laid out for seasonable and healthy recreation. Parents can be assured there is no healthier place in the West than the Arcadia Valley, in which this institution is situated. The St. Louis *Spectator*, the society paper of that city, gives a glowing description which we take the liberty of inserting here: "The difference in climate between Arcadia and St. Louis is as great as between St. Louis and the Berkshire Hills in Massachusetts. Indeed, the resemblance of Arcadia to the most frequented of New England resorts, aside from the sea shore is very striking. It is New England a little bit intensified. The air is like New England air in its clearness, freshness, braciness, if I may coin a word to describe it. As a friend said of it, '*A fellow feels like walking all the time down there. It's a pleasure to move about.*' The trees, the rocks, the springs of cool and crystal water, the hills—all are an exact counterpart of New England." The location of the College is the most beautiful in the Valley. A community of nineteen Sisters of the celebrated Ursuline Order, whose reputation for imparting a refined education is historical, have charge of the institution.

The Academic Year, consisting of two sessions of five months each, begins on the 1st of September, and terminates with a grand public exhibition and distribution of gold medals and premiums about the 30th of June. *Pupils will be received at any time, and charged only from the day of entrance.*

TERMS:

Board and Tuition, including instruction in useful and ornamental Needle-work, payable in advance per session	$95
Piano, with use of instrument for practice, per quarter	12
Drawing and Painting, in Crayon, Water and Oil, per quarter	5

For instruction in French, Vocal music, the Organ, Harp, Guitar and Zither, also in Wax, Muslin, and Paper, Worsted, Spice or Hair Flowers, there will be extra charges made.

Arcadia depot is about 200 yards from the carriage entrance to the Convent grounds, and 89 miles from St. Louis. Trains on the Iron Mountain Railroad, north and south, pass twice a day. A special accommodation train to St. Louis leaves Arcadia every morning and returns at night. Very convenient for lady pupils from Arkansas and Texas. For further particulars apply to

MUSIC DEPARTMENT.

The Music Department of this College employs five teachers constantly, and eighteen pianos and two organs, and has had, during the past year, one hundred and fifty-nine music pupils. The facilities in this Department have been greatly increased, and advantages unsurpassed in the whole west are now offered.

ART DEPARTMENT.

The Art Department has been placed under the charge of a thorough Artist, and the patrons of this Department may rely upon a complete course of training in all branches of drawing and painting from copies, models and nature. Special attention will be paid to Perspective and to Decorative Art. The Studio is fully equipped with casts, models, copies, and has this year more than doubled its former number of pupils, and has a steady, constant increase.

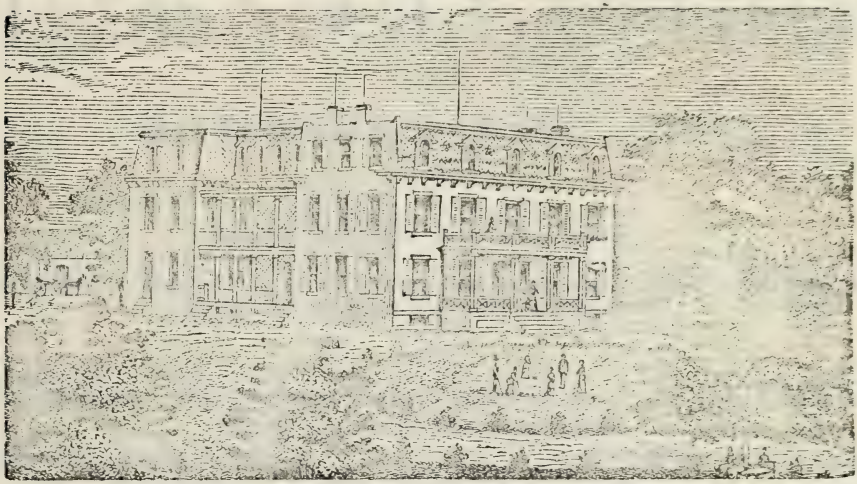
ST. LOUIS SEMINARY

THIS IS A FIRST-CLASS PRIVATE SELECT SCHOOL

FOR



YOUNG LADIES.

Situated at Jennings' Station, on the route of the Wabash, St. Louis & Pacific Railway, on a commanding summit, overlooking the City of St. Louis, remarkable for its beauty, its healthfulness, and its removal from all disturbing influences. The proximity of the Seminary to the city (thirty minutes only required to reach the heart of the city from the Seminary), secures to the young ladies all the advantages for improvement offered by St. Louis, and yet it is surrounded by all the quiet and seclusion of a rural neighborhood. The elegant and well arranged edifice stands in the midst of a beautiful shady lawn of six acres, surrounded by pure air, and abundantly supplied with pure water. **The grade of Scholarship is high,** and the instruction very thorough, only the very best text books being used. The Principal, who has an experience of thirty years, devotes his entire personal attention to class instruction, and is assisted by those of RIPE scholarship and MATURED experience. Besides the **thorough Literary Course,** every desirable advantage is offered in the departments of vocal and instrumental **music, drawing, and sketching from nature,** painting in oil and water colors, wax work, embroidery, and in whatever else appertains to the finished education of a young lady

The Seminary is chartered, and confers the usual **literary degrees.** The attention of the young ladies is not allowed to be diverted from study by company, or by visiting their homes too frequently. The Seminary year opens the 5th of September and closes the last of May. The institution is **not sectarian** in its character, but the most careful attention is bestowed on the religious training of the young ladies, the effort being to make school a home. It is desirable that the outfit be plain but neat. The **annual expenses are moderate.** The best of references given. For particulars and catalogues address the Principal,

Printing and Book Manufacturing Co.,

TRADE PRINTERS, BINDERS,

AND

PUBLISHERS' MANUFACTURERS.

911 to 919 N. Sixth Street

St. Louis, March 15, 1884.

TO THE PRINTING, BINDING AND PUBLISHING TRADE,

Gentlemen:

Your attention is respectfully called to our unexcelled facilities for the execution of Printing and Binding for the Trade. We make a specialty of the manufacture of Illustrated Trade and Subscription Books, Law and Medical Works, Magazines, Trade Journals, Proprietary Publications, ~~and~~ etc., etc.

We are also manufacturers of Stamped Titles and Cloth Cases, Embossers, Edge Gilders and Job Binders for the Trade.

Operating the most complete Printing and Binding Establishment in the West, specially devoted to Publishing Trade interests, we are at all times ready to assist in the prodction of first-class work in either branch of our business.

All Communications will receive prompt attention.

Very Respectfully,

CHAS. B. WOODWARD CO.

Your Trade Solicited. per

"A Change in Book Centres."

FROM THE

ST. LOUIS REPUBLICAN,

JANUARY 1ST, 1884.

"No department or commercial feature of St. Louis' prosperity has made more marked progress or demonstrated so positively the wonderfully rapid extension of education among the people as the satisfactory state of the art of book-making as found in St. Louis at the close of the past year Eleven years ago there were scarcely any books made in the West. To-day, under happier influences—principally the rapid growth of intelligence among the masses—a demand has sprung up for good books, which has encouraged the manufactures of subscription, text and standard works to the extent of even improving on Eastern production, and as a result of their enterprise, St. Louis enjoys the reputation of having produced the handsomest Trade Catalogues and most elegant Subscription Books of the year. The present high state of the art is due in the greatest measure to the commendable enterprise and progressive western energy of the Book Manufacturing firm of Messrs Chas. B. Woodward & Co., 911 to 919 North Sixth Street. The business of this firm consists of the manufacture of Illustrated Trade and Subscription Books, Medical Works, Law Books, Magazines and proprietory publications, etc. Their facilities comprise an immense plant of first-class modern printing machinery, an elegantly appointed and extensive book bindery, wherein every accepted labor-saving mechanism is utilized to increase the productions and improve the quality of their work. Mechanical skill and long experience complete the list of their accomplishments. It is safe to predict the grandest future for this concern and their enterprises."

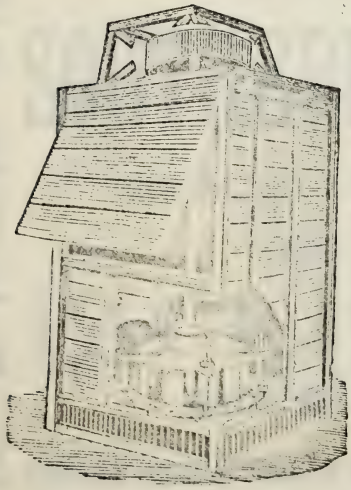
The Grunow Water Elevator

For DRAINING and IRRIGATING Land,



Or for any other purpose where it is desired to raise a large volume of water.

A large number of these machines are in use on Sugar and Rice Plantations throughout Louisiana, and are giving universal satisfaction. It is the simplest and most durable of any machine of its kind ever invented, and costs less. It will elevate water to any desired height.

The following table will give an idea of the capacity of these Elevators:

No. 0.	Capacity	105,000	galls. per hour,	engine	3	horse	power.
No. 1.	"	225,000	" "	"	7	"	"
No. 2.	"	450,000	" "	"	14	"	"
No. 3.	"	675,000	" "	"	21	"	"
No. 4.	"	1,050,000	" "	"	32	"	"

And so on up to 4,000,000 gallons per hour. These calculations are based on a lift of five feet, but where it is desired to raise the water higher, a larger engine is required to produce the same results.

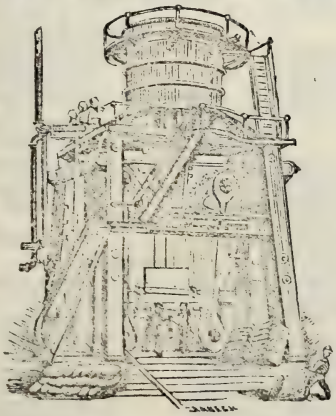
Morse Cotton Compressor



Exerts a pressure on the bale of **5,000,000 Pounds**, the most powerful in the world.

It has loaded the largest cargoes, per ton measurement, ever taken from an American port.

The whole number of Cotton Compressors in this country is 114, of eight different kinds **48 of these are MORSE**, and all introduced in the last six years. In the last three years, **19 MORSE have been built, and only four of all other kinds combined.**

OVER ONE-HALF OF THE AMERICAN COTTON CROP IS NOW COMPRESSED BY MORSE COMPRESSORS. Its use is saving **Four to Five Million Dollars Annually** to the crop, in freight charges.

Several of those erected six years ago have now compressed **600,000 to 800,000** bales each without breakage or appreciable wear.

Not a single breakage or defect has ever occurred in any one of the MORSE COMPRESSORS, built of Air Furnace, Charcoal Iron.

It has made the business of cotton compressing the safest and most profitable of any in the South.

Those wanted for next season should be ordered at once. For particulars address the sole proprietor,

PASSPORTS OBTAINED.

Mr. Hoyne is the senior United States Commissioner in the Northwest, having been appointed over twenty-nine years ago, and also Commissioner of Deeds for the same length of time, which is sufficient guarantee for correctness and reliability.

CAUTION!

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance.

BEFORE SIGNING AN ORDER, SEE THAT IT HAS THE NAME OF R. L. POLK & CO. PRINTED THEREON.

We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

R. L. POLK & CO.

WM. PETERSEN,

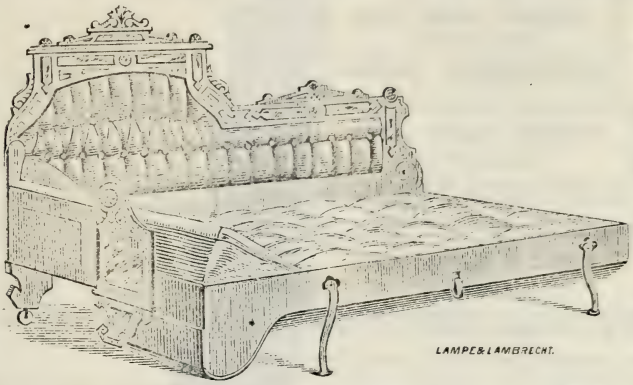
MANUFACTURER OF

Patent Bed and Single Lounges

PATENT RECLINING CHAIRS, ETC.,

S. E. cor. Fourteenth and Cass Ave., ST. LOUIS, MISSOURI.

Awarded First Premium FOR BEST DOUBLE LOUNGES.

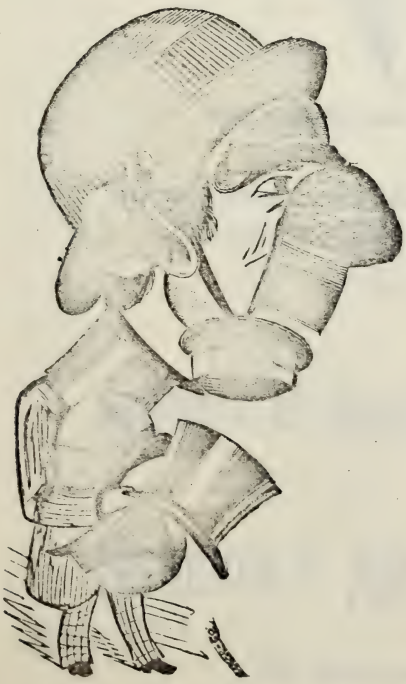


ST. LOUIS FAIR, 1877, 1878, 1879, 1880, 1881, AND WHENEVER EXHIBITED.

PATENT RECLINING CHAIR.—I would respectfully call attention to the Patent Reclining Chair. This Chair is the most complete, most simple and most easily adjusted chair now in the market, and for cheapness, durability, workmanship, taste, etc., it cannot be equaled in America.

Personal inspection will convince any one whether I have a right or not to lay claim to the following advantages for my Double Lounge: 1st, Its utmost simplicity. 2d, Durability, greatly increased by the quality of material. 3d, Variety and beauty of design. 4th, The perfection of the bed, the same being a spring mattress, forming with the self-raising spring pillows a whole, undivided, soft unit, no ridge anywhere, no hinge in the middle of the pillow, nor any inconvenience whatsoever.

There is no Bed or Double Lounge in the market that can compete with mine. Persons who wish to purchase an article of this kind will do well to examine mine before buying elsewhere.



O. H. WOEHSNER,

Manufacturer and Repairer

OF

HATS

East Pecan St.,

ST. ELIZABETH INSTITUTE, ST. LOUIS, MO.

Conducted by the Sisters of the Precious Blood.

This Institution has for its peculiar object, the training of young ladies who already possess the usual knowledge of elementary branches, in all that is required to fit them for assuming the duties of capable housekeepers. Besides an education in the ordinary English and German branches of study, the pupils receive practical instruction in all things requisite for women, such as Knitting, Dressmaking, Cutting, Washing, Cooking etc. They may, besides, at all times be employed in sewing for themselves or their relatives. The Course of Study for those entering with the requisite elementary knowledge embraces two years. TERMS.—For Board, Tuition (in all the branches mentioned) and Washing per month, $15.00. EXTRA.—Tuition, French, Music and Drawing. For further particulars, address

ST. LOUIS, MISSOURI.

Rev. MARY JOHANNA, in Charge.

☞ The members of this institution dedicate their time chiefly to the instruction of young ladies in principles of virtue, and in the various branches of a finished education. Its plan of education unites every advantage that can be derived from a punctual and conscientious care bestowed on the pupils in every branch of science becoming to their sex. Propriety of deportment, politeness, personal neatness, and the principles of morality are objects of unceasing assiduity. Difference of religion is no obstacle to the admission of pupils.

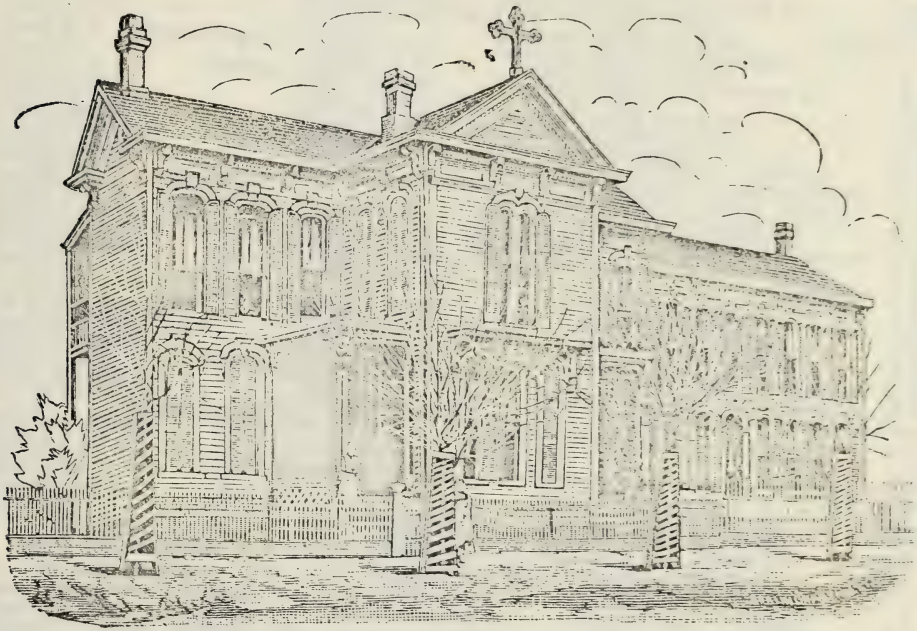
TERMS OF TUITION.—Board and Tuition in English and German and in all kinds of plain and ornamental Needlework, per annum, $200.00.

☞ For full particulars, send for circulars.

Academy of St. Francis Xavier

BOARDING AND DAY SCHOOL,

Denison, Grayson County, Texas.



The Academy is under the direction of the Sisters of St. Mary, and was chartered April 11, 1876.

This institution unites every advantage that can be derived from a conscientious care bestowed upon the pupils in every branch of a Christian and Scientific Education.

Propriety of deportment, politeness and the principles of morality are the objects of constant solicitude.

Unremitting attention is paid to the health of the pupils. In case of sickness they are attended with maternal care, and immediate information is given to the parents.

Difference of religion is no obstacle to the admission of young ladies, but conformity to the general regulations of the School is required.

COURSE OF STUDIES.

Reading, Orthography, Grammar, Writing (plain and ornamental), Arithmetic, Algebra, Bookkeeping, Rhetoric, Elocution, Composition, History (sacred and profane), Geography, Botany, Natural Philosophy, Astronomy, Natural History, Logic, the French, German, Italian and Latin Languages, Drawing and Painting, Piano, Guitar and Vocal Music, Plain and Ornamental Needle Work, Flowers in Wax, Muslin, Paper, etc., etc. Special attention paid to Music.

Pupils admitted at all times of the year, but term begins at the date of entrance. For catalogue and terms, address

Designs and Estimates Furnished on Application.

We do not depend upon employes to conduct our business or superintend our work, as we have grown up with the business and are thorough practical mechanics and give our special attention to all orders executed at our works. Our quality of work in point of construction, style, finish and ornamentation, is unequaled anywhere. Best materials and most skillful workmanship always employed. Our cornices are all thoroughly fire-proof, and are fully and substantially braced with wrought iron stays and anchors; all parts are so constructed and accompanied by such definite instructions, that an ordinary carpenter can put it in place without any difficulty; the work is thoroughly boxed and crated with wood-work to avoid all breakage or damage by transportation.

Architects, contractors, builders, tinners and owners can send us small scale drawings or full-size drawings or send us dimensions of building and we will make designs to suit, with estimates of cost of work delivered on board cars here.

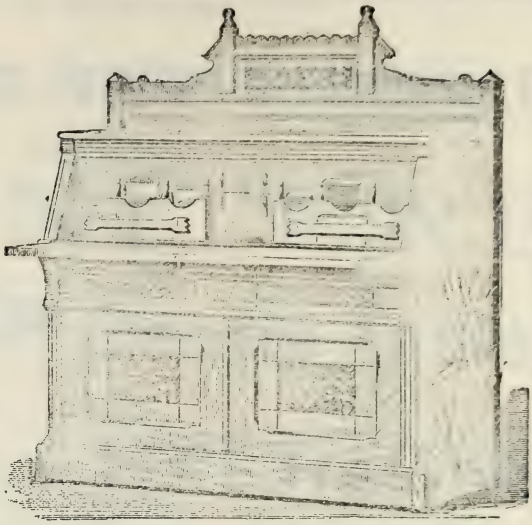
ANDREWS' PARLOR FOLDING BEDS.

Occupy one-fourth the space of the clumsy common beds, hence save room-rent! All the bedding, pillows and mattress fold out of sight instantly. The improved woven wire mattress goes with each bed, ensuring comfort.

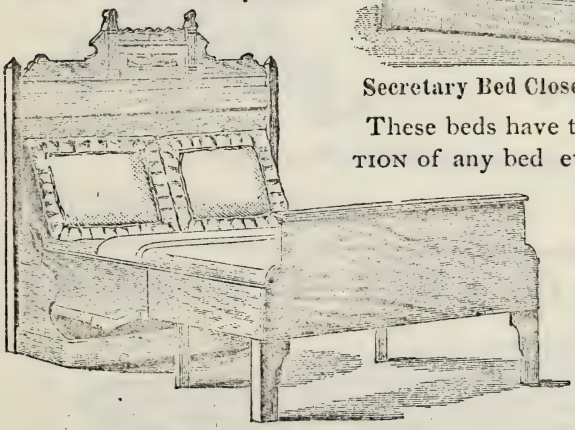
Made in form of Book-cases, Dressing-cases, Secretaries, etc. Parties interested are invited to call and see these beds at our warerooms.

Price, from $25 Upward.

Burr Pat. Made in 25 Styles.



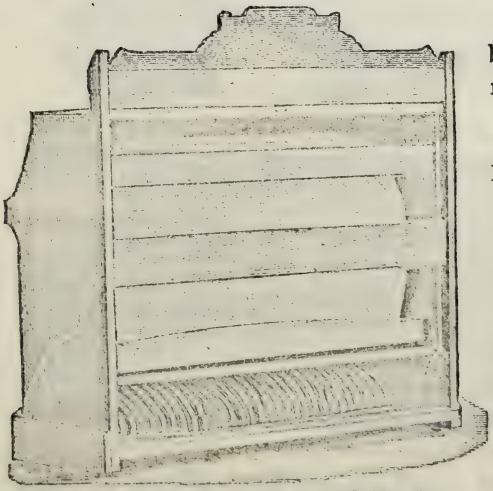
Secretary Bed Closed and Writing Leaf Open.



Secretary Bed Open.

These beds have the most perfect VENTILATION of any bed ever made; see cut showing the bed constantly open to the air when folded. They are on casters and easily roll from one room to another. The main points of excellence in these beds no other beds have, nor can have.

When moving, or in case of fire, bed and bedding can be instantly rolled out of the room.



Rear View of Folding Bed No. 9.

THE BEDS ARE

Light!
Elegant!
Portable!
Comfortable!

After six years' trial the demand is unprecedented. See published commendations from many first-class families in this city and elsewhere.

ORIGINAL
Common Sense Soap

POSITIVELY WASHES WITHOUT RUBBING.

Made on Common Sense Principles, Saves More Time, Labor and Clothing, if used Intelligently, than any other Soap on Earth.

This soap is as pure as it is possible for an article of commerce to be. No deleterious matter or chemicals used in compounding it that can in the least way injure the health of those using it, or the finest fabric. It is a simple, happy combination that does its work completely and thoroughly, requiring only proper application and time with good water and it will make cleaner and whiter clothes than any other soap. For white clothes it is a cleanser and bleacher combined, and for all classes of goods that cannot be boiled, such as prints, lawns, flannels and all kinds of woolen and worsted goods, and even finer fabrics, the **COMMON SENSE SOAP** cannot be excelled, for it will not decompose colors or contract flannels, but it has a tendency to brighten colors and will leave flannel and woolen goods as soft and pliant as the day they were cut from the bolt. For all kinds of house cleaning, such as washing dishes, cleaning floors, doors, windows, etc., it is actually worth its weight in gold. You will have only to give it a trial to be convinced of its merits, and on its own merits it must stand or fall, for we have no stock in trade of "chin music" or "brass" and despise bulldozing in all its forms.

Special rates to the Wholesale Trade. Send for Prices.

MAX ELSER Takes OLD PIANOS and ORGANS as PART PAY for new. FORT WORTH.

St. Louis Law School

LAW DEPARTMENT OF WASHINGTON UNIVERSITY,

1417 Lucas Place, ST. LOUIS, MO.

FACULTY.

WILLIAM G. ELIOT, D.D., Chancellor of the University.

WILLIAM G. HAMMOND, LL.D., Dean of the Law Faculty.

HENRY HITCHCOCK, LL.D., Constitution and Municipal Law and Equity Jurisprudence.

GEORGE A. MADILL, Real Property Law.

SAMUEL TREAT, LL.D. (United States District Judge, Eastern District of Missouri), Lecturer on International Law, Jurisdiction and Practice United States Courts.

GUSTAVUS A. FILKELNBURG, Contracts and Commercial Law.

ALBERT TODD, Lecturer on Land Titles and Conveyancing.

The advantages of a Law School located in a great city where courts are always in session, and legal business of every kind may daily be seen in actual practice, are obvious. No place in the West offers these advantages in so large a measure as St. Louis. The Law School edifice is situated upon Lucas Place, one of the finest streets in the city, and is at the same time convenient to the courts and law offices, and remarkably free from noise. The building is of three stories, situated on its own grounds, and is devoted entirely to the use of the Law School.

The Annual term opens on the Wednesday nearest to October 15th, in each year. Full course, two annual terms, seven months each, excluding the two weeks' recess for the Christmas holidays.

The course of study embraces both the theory and practice of the law, and forms a systematic and continuous whole from beginning to end. Most of it is conducted by lessons on assigned topics; with exercises in the reading and statement of cases upon a system prepared exclusively for the use of the students in this school. Recitations from text books are also employed, but only in subordination to the general plan, and a large number of lectures in connection with the same will be delivered during the year.

Students will be admitted for a single year, if they desire it, but are advised to take the entire course as the best economy of time and means.

A regular Moot Court will be held weekly throughout the year by the Dean, with General Terms, from time to time, for the hearing of appealed cases by other members of the Faculty. They will be conducted with the forms of an ordinary court of justice. Classes will be assigned to argue cases in these courts, but the members of the Junior Class will have a course of instruction in the preparation of written opinions and briefs before appearing in such cases. Opportunity will also be given for the organization of Club Courts among the students.

The Law Library belonging to the School consists of upwards of 3,000 volumes, and is open to the student throughout every day and evening except on Sunday.

The private library of Dr. Hammond, containing about 2,000 volumes upon the Civil Law and General Jurisprudence, will also be accessible to members of the Senior Class who wish to pursue those subjects.

The School is open upon equal terms to students from all parts of the United States, and the course of instruction is intended to prepare them for practice in any State.

The degree of LL.B. conferred by this University, under the act of March 5, 1874, gives admission to practice in Missouri, on simple motion; and its graduates are in like manner admitted to the bar of the United States courts without further examination.

The tuition fee is $80 per year, and is the only charge made by the School. Information as to prizes and scholarships will be found in the annual catalogues.

Good board and lodging may be had from $4 per week upwards.

WILLIAM G. HAMMOND, LL.D., Dean.

THE MOST TAKING BOOK LATELY ISSUED.

TRIAL PRACTICE AND TRIAL LAWYERS

By J. W. DONOVAN,

Author of "Modern Jury Trials."

A Treatise on Trials of Facts Before Juries.

Over one hundred separate topics in a great variety, including many rare and valuable cases on Mistaken Identity, Circumstantial Evidence, Successful Defenses, and heavy damages won by a vivid story, an ingenius theory, or an *eloquent period.*

The work is terse, yet especially full on preparing facts for trial, including sketches of leading lawyers in many cities.

In these pen sketches of advocates, living and gone, are given many instances of skillful handling of salient points, known only to men of ripe knowledge of human nature.

In no other work can trial practice, in questions of fact, be found so clearly and tersely explained, while all illustrations are drawn from the life work and fine work of successful men; men who here relate experiences of rare value. In brief, this work is the advice of many counsel skilled in the art of GAINING PRACTICE AND WINNING CASES.

As twenty questions of fact to one of law, will be contested in every jury trial, victory or defeat, depends on MANAGEMENT. Trial lawyers will learn from it to win many more cases each year.

One Volume, 8vo., 327 Pages. Price, bound in Cloth, $2.50, or Law Sheep, $3.00. Sent prepaid on receipt of amount.

Published and for sale by

WILLIAM H. STEVENSON, Central Law Journal,

ESTABLISHED JANUARY 1, 1874.

—:THE:—

Central Law Journal, a Lawyer's Weekly.

The largest circulation of any Law Journal in the world.

PRACTICAL, ACCURATE, PROGRESSIVE.

Som of the leading features of the Central Law Journal are:

First. Short, condensed, meaty leading articles, with abundant citations of authorities.

Second. Late cases in full, such as are likely to be of actual service to the practitioner in his business.

Third. Weekly Digest of recent cases, being in a condensed form, enables us to bring to the reader's notice a large number of cases. If one happens to be searching for the decisions of a particular State, the list of States at head of Weekly Digest will facilitate the search.

Fourth. Monthly Index, at the end of each month is published an index of contents of preceding numbers of that month.

Each number contains twenty pages of reading matter, besides four pages of advertisements. It is bound in two volumes per annum, each volume containing over 500 pages of reading matter a d an exhaustive index and table of cases, making, in a year, more matter than is contained in six volumes of ordinary law reports.

Subscription price, $5 per year in advance.

THE LAW
OF
FRATERNITIES and SOCIETIES.

A book of interest to Masons, Odd Fellows, Red Men, Druids, Chosen Friends, Foresters, Knights of Pythias, members of A. O. U. W., Royal Arcanum, K. of H., L. of H., and of all similar organizations, with special reference to their insurance feature.

BY A. J. HIRSCHL,
Of the Davenport (Iowa) Bar.

In this book the author has collected the various decisions of the courts of this country, relating to the above named, and all similar societies. The questions discussed are upon the nature of the societies, such as, are they public charities? are they exempt from taxation? must they conform to the insurance laws of a State? Also upon the rights and liabilities of the members; the extent of the jurisdiction of courts in dealing with the societies; the nature of the insurance effected; bequests and devises; relations between subordinate and grand lodges; attachment of fund of societies; can societies loan money; contracts, how executed; how associations for profit differ from others.

The following are some of the legal relations existing between these Societies and their members which are explained:

Admissions; applications; arbitration; assessments; assignment of policy to lodge; are by-laws binding; by-laws interfering with religious views; dissolution; expulsion; who can expel; courts do not favor a too extensive power; can fees be recovered back; can member sue for weekly benefit; insurable interest of the wife in life of husband; interest in same after divorce; nephew in uncle; parent in child; creditor in debtor; will courts protect rights of members; who are legal representatives; when are members personally liable; voting; reinstatements; slander and libel; suicide; wills, etc., etc.

One volume, 8vo. Price, bound in cloth, $1.00. Sent prepaid on receipt of amount.

The Chicago Medical College

Medical Department of the Northwestern University.

Corner of Prairie Ave. and Twenty-Sixth Street.

CHICAGO, ILLINOIS.

This College adopted, at its organization, a graded course of instruction, and was the first in this country to classify its pupils according to time and progress in study, as is habitually done in literary and other Scientific institutions.

For this purpose, the several branches embraced in the curriculum are divided into three series or groups, corresponding with the three years' professional study; and are taught in *three consecutive Annual Courses of Lectures.*

THE COLLEGIATE YEAR embraces a regular Annual Session for Students of **Six Months**, and a Special Session of **One Month** for Practitioners and Graduates only.

THE REGULAR ANNUAL SESSION commences on the last Tuesday in September, and continues until the last Tuesday in March following, when the public commencement exercises are held.

THE SPECIAL COURSE FOR PRACTITIONERS commences on the Wednesday following the last Tuesday in March, and continues four weeks.

A READING AND RECITATION TERM in connection with Clinical instruction, will be arranged for those students who may wish to remain in the city. It will commence immediately after the close of the annual term on the last Tuesday in March, and continue until June 1st.

THE FORTY-SECOND REGULAR SESSION WILL BEGIN ON MONDAY, SEPT. 22, 1884, AND CONTINUE UNTIL MARCH 1, 1885.

There will be no preliminary lectures. The course of studies in this School extends over a period of three years and is graded, the first year being devoted mainly to Theoretical and Demonstrative branches, the second and third years taking up the practical subjects and specialties. Preliminary examinations in the branches of a good English education will hereafter be required from all students entering the College. Where a Diploma or certificate of graduation from a literary or scientific college or high school is presented, this will exempt from the examination.

Practical work in the anatomical rooms and in the chemical laboratory is obligatory. Attendance on all the special branches as given by the lecturers is required.

The facilities for clinical studies are unsurpassed.

SLATE AND TIN

ROOFING

Galvanized Iron Cornice, etc. Gravel and Composition Roofing.

FACTORY AND YARD,

1716 Wabash Avenue, Chicago, Ill.

ESTABLISHED 1866.

Fay's Renowned Water Proof Building Manilla

For ROOFING, SHEETING and SIDING, WALLS and CEILINGS.

IN PLACE OF PLASTER. MADE ALSO INTO CARPETS AND RUGS

W. H. FAY & CO., CAMDEN, CAMDEN CO., N. J.

This material has been thoroughly tested for the last seventeen years, upon roofs, outside walls and inside walls and ceilings, in place of plaster, and we are satisfied there never has been introduced a material that takes the place of our Manilla Goods for economy in building purposes and also for comfort. Send for circulars which will give you full particulars, etc. Catalogues and samples free. Address,

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance. BEFORE SIGNING AN ORDER, SEE THAT IT HAS THE NAME OF R. L. POLK & CO. PRINTED THEREON. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.
